

February 25, 2022

Please be advised that, based on information provided from raw material suppliers and to the best of SIMONA PMC's knowledge, none of the current materials produced at SIMONA PMC contain one or more of the "Conflict Minerals" identified below.

"Conflict Minerals" are defined as originating in the Democratic Republic of Congo or the nine adjoining countries, and are identified in the law as tantalum, tin, tungsten and gold.

SIMONA PMC does not conduct analysis of the concentration of the listed substances but relies on supplier documentation for this information.

A handwritten signature in black ink that reads "Samantha AmStacy".

Technical Manager, SIMONA PMC
